

View, Save, and Print

Your Hours of Service Logs Online!

We are pleased to announce that you can now view, save, and print your Hours of Service (HOS) logs online, using Omnitracs Hours of Service (Driver). All you need is an Internet browser, an Internet connection, and your driver credentials. If you have a printer attached to your computer, you can print your logs.

LOGGING IN

The driver credentials you will need are the same as the ones you use on the Omnitracs mobile unit, plus **your last name as displayed by the mobile unit after you log in**. If you aren't certain about how your last name appears on the mobile unit, be sure to log in to your mobile unit and check before logging in to Hours of Service (Driver).

Point your browser to:

<https://dhos.omnitracs.com/dhm/>

Company Name: TRISTSEC

Next, type the Driver ID and password that you use to log in to your mobile unit, along with your last name as it displays on your mobile unit after you log in.

DRIVER LOG REPORT

To view, save and print your logs, click the Reports tab, select a date range and log format, and then click **Run Report**. The system will generate a PDF file that you can save and/or print.

NOTE: Adobe Reader is required to view the PDF reports.

Make sure you run and save your log report at least once every six months. By default, only six months of Hours of Service data is stored.
